

Peer Critique of Annotated Bibliography

Researcher name: _____ Project name: _____

Respondent name: _____

Annotated bibliography Critique

1. Are the sources in APA citation format. (Look them up.) If not, what needs to be done.

2. Give the rhetorical context (audience, purpose, stance, genre, media/design) for each source.

A. _____

B. _____

C. _____

3. Do any of the sources have a problem with validity or quality? If so, describe here.

4. What does the writer need to do to improve the summary of the sources?

5. Which source do you think is most helpful for the writer to use to develop his/her project and why?

6. What are the weaknesses of these sources? What other kinds of sources does this researcher need to find?
